## Harvest Time Prayer

We give thanks, O God, for those who drive and maintain the vast range of agricultural equipment now in use on our farm lands. We recognize the skills needed to operate them, and the constant attention required by mechanics to keep them operational. As farming becomes increasingly mechanised we pray we may not lose that vital sense of our links with the soil, and our independence upon its ongoing fertility. For this relationship reflects a divine purpose, and demands a responsible stewardship of all our resources. - Bill Bennett.
